In this sequel, Tera Patrick, arguably the most gorgeous starlet in adult film, is marooned in a lush tropical paradise. Teradise Island is the land of forbidden sex, and unbridled passion.

Tera, Nikki Benz, Lucy Lee, Alexis Amore, and Britney Skye, all taste the fruits of lust at the hands of Tommy Gunn, Kris Knight, Spyder Jonez, and each other, in this nonstop action feeding frenzy of anal debauchery.

Gorgeous landscapes, waterfalls, and breathtaking ocean views with crashing waves and magnificent sunsets create the perfect backdrop for this all vignette series, which will prove to be an instant classic. Never before has there been a more beautiful exploration into the forbidden passage.
